SORO Nigeria

SORO Nigeria (Volume 1) is a Computer based Software that teaches how to Speak – Write Yoruba, Hausa and Igbo Nigerian Languages and contains over 3000 spoken words/phrases.

Do you or your children want to learn a Nigerian Language? Then read on .....
What Can "SORO – NIGERIA" do

- Translate English sentences to Igbo, Hausa and Yoruba by using a patent pending algorithm.
- Search for words and phrases in categories such as "Travel",   "Accommodation", and "Greetings" etc. to simplify Language learning
- Use special keyboard with accented alphabets to write and learn Yoruba, Igbo and Hausa Languages.
- Learn the major Nigerian languages in the comfort of your own home or office.
- Teach your children and/or grandchildren about your language using technology, which appeals more to younger people.
- Build your own language library by adding more words and translations of your own (for example your dialect) to the over 3000 audio translations in SORO.
- SORO also comes with dialogue audio recording for each translation to provide practical illustrations of the translation.
- Translate exact meaning of English words/phrases to Igbo, Hausa and Yoruba languages. For instance "light" may have 48 meanings in English but SORO allows the user to match "fúyẹ́ " which is the 18th meaning with "load that is not heavy" while also translating the 48th meaning of "luminosity" as "ìmọ́lẹ̀" in Yoruba.
- Quiz function that allows teachers or parents to test the learners understanding of Yoruba, Igbo and Hausa languages.
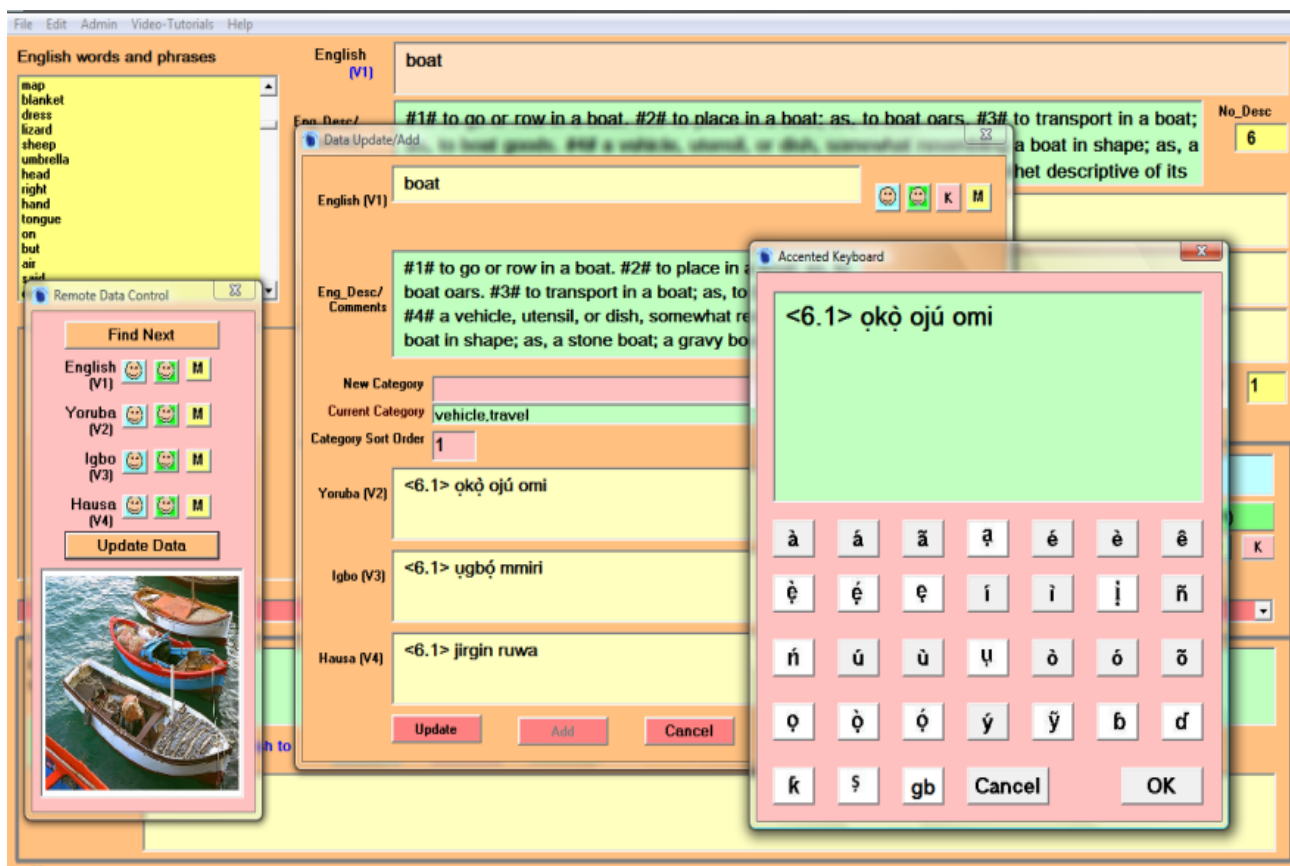

SORO also includes LifeStyle Information Library that can be use **to**:

- Document Family history, Special events e.g. wedding, naming ceremony and Food recipes etc using audio and video recordings.
- Document Nigeria food recipes using audio and video recordings for visual and graphic illustrations to preserve favourite menus.
- Save contact details of family, friends and business contacts.
